

DURAN Project

Property in Santa Ponsa

*“We design spaces to be lived in.
We transform homes that inspire.”*

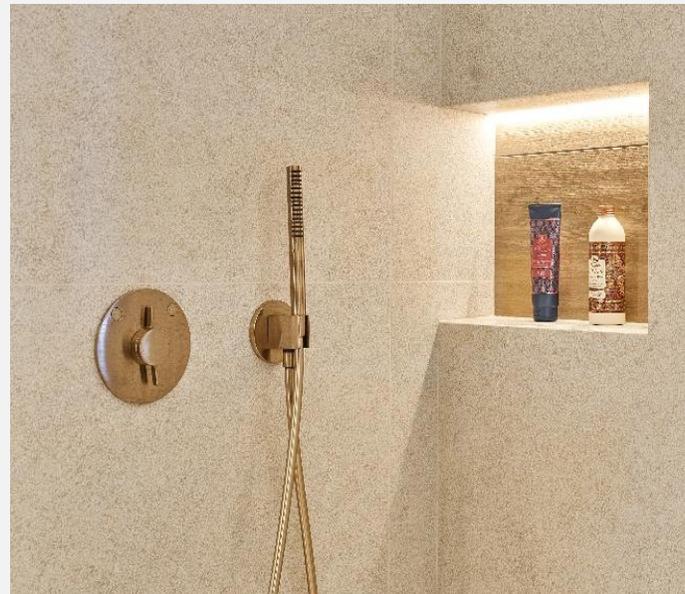

Project: DURAN

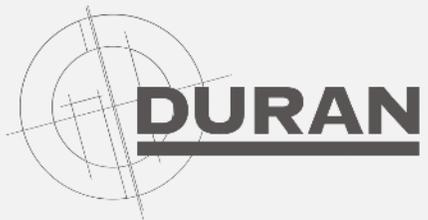

Construction company: MALLORCA LIVING QUALITY BUILDING S.L.

Residential Project in
Santa Ponsa

At DURAN we believe in creating interiors that combine aesthetics, functionality and emotion. Our project in Santa Ponsa is an example of how an integrated proposal of our materials can transform a house into a space where living truly feels enjoyable.

The kitchen stands out for the precision of Italian design by **Copatlife**, the storage capacity of **Cinquanta3**, the advanced cooking and extraction technology of **Bora**, and the natural beauty of the *Zarci Marble* countertop by **Naturamia**.

Residential Project in
Santa Ponsa

The project is completed with a bathroom featuring organic lines and a carefully illuminated walk-in wardrobe, where every detail has been designed to provide well-being, comfort and harmony.

Residential Project in
Santa Ponsa

At DURAN we accompany every stage of the process—design, material selection and execution—to ensure that each project becomes an authentic, functional home full of personality.
