Grünbeck water treatment – more than 70 years of experience

For more than 70 years now, Grünbeck Wasseraufbereitung has been one of the most renowned companies for water treatment in household, trade and industry in Europe. All around the globe, our customers trust in our expertise when it comes to ideal water qualities. The company's headquarters are located in the Bavarian city of Hoechstädt/Donau, approximately 100 km west of Munich, where all of Grünbeck's products are manufactured – high-class German workmanship with high standards of quality. We have a tight net of sales and service locations in Europe and thus not only ensure the proximity to our customers, but also have quick response times.

Grünbeck offers the entire spectrum of water treatment for drinking water installations and industrial applications. Our product range covers filtration, softening and corrosion protection up to disinfection and pure water generation. Furthermore, Grünbeck also is in the position to offer an ideal solution for the treatment of heating water.

Price summary for General Catalogue 2023 | Residential Applications · Edition 1.0

Recommended retail prices in Euro, VAT not included. Valid as of January 1, 2023. The information in this price list supersedes all previous price information. All sales are always subject to the currently valid Standard Terms of Sale and Delivery of the country in which the respective order is placed and processed (as per order confirmation). For these Standard Terms of Sale and Delivery, go to www.gruenbeck.com. As product availability varies from country to country, please address your Grünbeck representative for respective details, if required. Descriptions and illustrations in this price list are approximate and non-binding. Photographs may show products with special features or accessories that are not included in the standard product version. Grünbeck reserves the right to modify the products and deviate from the descriptions to the extent to which such modifications are reasonable and do not change the value of the product. The regulations and directives indicated in this price list refer to either European or German standards.

Company profile

**Grünbeck
Wasseraufbereitung GmbH**
Josef-Grünbeck-Str. 1
89420 Hoehstaedt
GERMANY

General manager
Dr. Günter Stoll

Staff
700

Sales organisation
Subsidiaries and authorised
representations in Germany,
representations in all EU member
countries as well as associated
partners world-wide

Certifications
DIN EN ISO 9001, DIN EN ISO 14001,
SCC* by TÜV Management Service,
OHRIS

Product certifications
DVGW, SVGW, ACS, EAC

Approvals
for welding, specialised welding company
according to DIN EN ISO 3834-3.
Manufacturing of pressure equipment
according to the Pressure Equipment Directive
2014/68/EU as per AD 2000 data sheet HP0
and DIN EN 13480. Manufacturer of steel
constructions according to DIN EN 1090.
WEEE reg. no.: DE 77585882
